Cool. I can probably sit in if you need me; I think I'm free all day after 10. Not sure I'd add anything at this point, but we'll have to follow up with Michelle and Alex to see where they're at with the approval.

Meant to copy you on this. Looking to have a Monday Feb 27 conference call to discuss. Initially the air levels were high, but in follow up testing they came down to non detect.

Good Morning,

Here is the monitoring report and test results from the air sample testing completed in December and January at SVEC.
